BYLAWS CLEANUP: THE EAST KINGCO BOARD OF DIRECTORS

At the June board meeting, we ran through the club's bylaws and made some changes designed to allow us to operate better with regards to getting our meeting and show announcements out to area schools. We also cleaned up a few areas which seemed to be contradictory or that were unclear. The process for adapting these changes is:

- 1) The board presents the changed document in the June newsletter. [Done]
- 2) The changes are discussed at the June meeting, giving time for member comment. [Done]
- 3) We publish any changes in this September newsletter. [No amendments were submitted. The document is reattached at the end of this newsletter for reference.]
- 4) We will vote as a club on the changes at the September 19 meeting.
